Marywood will present Life Context

Marywood College will present a "Life Context" intensive journal workshop, which teaches use of a personal journal for spiritual growth, Oct. 9-10, in the faculty lounge of Nazareth Hall.

The workshop, based on a method by Dr. Ira Proffitt, a psychotherapist and a student interpreter of psychologist Carl Jung, will be held on the first day from 7-10 p.m. and on the second day from 9 a.m. to 9 p.m. Meals will be available in Nazareth Hall Dining Room.

Anyone may participate. Reservations and fee details may be obtained through Sister Catherine Ann Gilvary, JHM, dean of student affairs at Marywood. A deposit must accompany each reservation.

Discounts for students and senior citizens are available.

Dr. Virgil Peterson, a journal consultant, will lead the workshop, which is part of the "National Intensive Journal Program."

Proffitt, program adviser, is director of Dialogue House, the organization in New York City that coordinates the workshop program. He is a former head of the Institute of Research in Depth Psychology at Drew University.

Proffitt says his program enables persons, regardless of their age and educational levels, to draw their lives into focus and enlarge their capabilities.

The program is non-judgmental and non-diagnostic, he says.

Of the journal method, Proffitt says: "It is a way of clarifying where you are in life, determining what your resources are, and deciding on new directions. It generates an inner energy with which next steps can be taken. It has a strong spiritual and creative quality."

The textbook for the program, which is not limited to persons with special writing skills, is Proffitt's "At a Journal Workshop," winner of the 1978 psychology book award of "Medical Self-Care" magazine.

Attending the workshop enables persons to use an "Intensive Journal" workbook by themselves to sustain personal growth and make life decisions, Proffitt says.

Sacred Heart High holds liturgy

A family-student-faculty liturgy of the Sacred Heart of Jesus was held Tuesday, Sept. 22, 7:30 p.m., in the gym of Sacred Heart High School, Carbondale.

Sister Lillian Marie Farrell and Rev. Richard W. Beck of the school were honorary cochairpersons. Mr. and Mrs. Robert Flood were chairpersons.

Main celebrant of mass was Rev. Beck, preacher, Rev. Albert Oldfield, concelebrants, priest faculty and members of the board of pastors.

As each school year begins, the students and their family members gather with the school's faculty and administration in the context of mass to ask the Lord's blessing on the coming year's academic, athletic, and spiritual endeavors.

Microcomputer workshop offered

The Pennsylvania State University's Worthington, Scranton Campus, Continuing Education Department will offer a special eight-evening workshop entitled "Intermediate Basic for Microcomputers" from Oct. 6-29.

The workshop is for anyone interested in learning more about solving typical applications programs on a microcomputer.

Algorithms, programming techniques, and language covered will be valuable to business, industrial users as well as personal computer users.

The workshop will emphasize the procedures, algorithms and BASIC language elements required to solve the more standard programming applications.

Algorithms and language for handling data entry, reports, tables and file processing will be considered. Participants will code and test programs that use these procedures and language elements.

Programming will be on campus microcomputers. Typical applications will be sorting, table look-up and updating files that use these algorithms.

Topics to be included are: Core Elements of the BASIC Language; Problem-Solving Techniques; Data Entry; Sequential Files; Reports; Updating Files; Lists and Tables; Direct Access Files; and Disk Input-Output.

The workshop will be conducted from 6-9 p.m. on Tuesday and Thursday evenings. The cost to attend is \$90 per person. Registrations are currently being accepted in the Continuing Education Office, Room 7, Dawson Building.

For further information, phone 961-4756. Registrations will close on Sept. 29.

Principal: new lavatory policy is working well

A new sign-in, sign-out lavatory policy at Lakeland Junior-Senior High School, Chapman Lake, is working well, Robert E. Ghigarello, principal, told the MIRROR this week.

This newspaper contacted the Scott Township principal's office after grumbling was heard among Lakeland students that "this year you have to get a pass and a key to go to the restroom."

Ghigarello affirmed that "yes, students do have to go to a lavatory where a teacher is on duty, and sign a book" before using the bathroom facilities. Or, if there is no teacher on duty in a particular restroom, the student must then visit the desk in the main office, obtain a restroom key, and then return it to

the office when he is finished.

The principal emphasized that the new ruling was made to prevent problems of students smoking in restrooms, which was prevalent last year.

As to possible complaints from parents, Ghigarello said firmly, "I will say to any parents, come up here and spend a day with me and see what's happening." He stressed that the plan is working during class periods and at lunchtime, but not during the two-minute intervals while classes are changing.

"There just isn't time during the changing of classes," he noted.

The principal added that no student has to walk too far to use a particular lavatory, since there are eight of them in the sprawling

school building. Seven are in working order, he said. One which sustained water damage from a bad roof, is in the process of being repaired. The nurse's restroom is also available for "emergencies during class time," Ghigarello stated.

As for setting aside a separate smoking room for students, such as the arrangement made by one area school, the Lakeland principal replied, "No. This would mean I would be condoning smoking on the school premises."

When questioned about faculty members smoking in the faculty lounge at the school, the principal replied, "These are adults. The students have to abide by our guidelines."

Two approved for tuition credit

Cadet Rory J. Yanchuk of Hinesdale and PFC Michael A. Jones of Warrington have been informed by the Adjutant General's office that their applications for the Pennsylvania National Guard Tuition Credit have been approved.

Both are members of Co. B 1st Bn (M), 109th Infantry, Carbondale.

This program provides for reimbursement by the Commonwealth of up to \$400 a year for college tuition costs to eligible Pennsylvania Army National Guard members.

According to Captain Gary F. Valinski, commander of the Carbondale National Guard unit, other incentives being offered to those enlisting are the \$1,500 enlistment bonus, the \$4,000 educational bonus, the Pennsylvania National Guard Scholarship Fund, the Student Loan Repayment Pro-

gram and the simultaneous Membership Program which is designed for those individuals who are attending college and enter into the ROTC program at college. In this plan, a member can earn over \$15,000. Anyone interested in more information on any of these programs can call 876-0111 or 282-6448.

Forest City continues services

Edward Murphy, director of guidance at Forest City Regional High School has announced that new services introduced last year as part of the Preliminary Scholastic Aptitude Test National Merit Scholarship Qualifying Test (PSAT/NMSQT) will again be provided to students taking the test on Oct. 27.

Before the test, students will receive the PSAT/NMSQT "Student Bulletin" which contains a complete sample test with an answer key and scoring instructions.

In December, students will receive a "Report of Student Answers" which displays the correct answers and the students' responses as well as scores.

Schools will return test booklets at the same time so that students can review the original questions. Students will also receive "About Your PSAT/NMSQT Scores," a booklet containing information on interpreting PSAT/NMSQT results and on general college planning.

The PSAT/NMSQT is cosponsored by the College Board and National Merit Scholarship Corporation. It is administered annually to more than one million students and measures verbal and mathematical abilities that are important in college work.

The PSAT/NMSQT gives students a chance to find out what the College Board's Scholastic Aptitude Test (SAT) is like, and helps them in planning for college further.

Students who opt to participate in the College Board Student Search Service have an opportunity to hear from colleges that they might not otherwise learn about.

The PSAT/NMSQT is also a qualifying test for students who wish to participate in the nationwide scholarship competitions administered by the National Merit Scholarship Corp.

Wednesday, Sept. 23, student council elections, homerooms. Thursday, Sept. 24, hearing screening tests for grades 7-11 in the health room. 2:45 p.m., Mayfield elementary faculty meeting in the library. 4 p.m., golf match at Mid-Valley. 4:45 p.m., cross-country meet at Valley View.

Friday, Sept. 25, 9 a.m., Junior Achievement assembly, grades 10-12, in the auditorium.

Saturday, Sept. 26, 1:30 p.m., varsity football game vs. West Scranton.
